

WE OFFER A LINE OF PET

The 2-stage 8-ounce PET Cosmo is a 2-stage (reheat and blow) version of the single-stage PET Cosmos we manufacture in other locations. We developed this option to offer a lighter-weight bottle with improved wall consistency for easier labeling. Because it is a 2-stage bottle, the minimum order is 50,000 units.

PET CYLINDERS

The offers a line of PET Cylinders, including three sizes we refer to as our Slim Cylinders. The Slim Cylinders feature thick walls for a glass-like look and feel. The 2-ounce and 4-ounce traditional style cylinders both accommodate a 20-410 continuous thread closure, so you can use the same closure for both sizes.
