Charcoal Lighter

CRC Cap

28mm 33mm

The Charcoal Lighter **CRC Strap Cap** not only enhances user convenience but also meets the latest industry standards for safety compliance. This advanced closure system is designed to prevent leaks and spills, ensuring a secure seal that maintains the integrity of the product during storage and transport.

The redesigned Charcoal Lighter CR closure complies with soon-to-be enforced updated Consumer Product Safety Commission (CPSC) flame mitigation safety standards.

This pry-open child resistant strap cap is designed to help prevent burn injuries. By aligning with the new regulatory requirements, **CRC Strap Cap** demonstrates its commitment to consumer safety, making it a reliable choice for both retailers and consumers seeking high-quality, compliant packaging solutions.
