Smooth Disc Top

Disc Top Closures

Disc top closures are perfect for dispensing just the right amount of shampoo, soap, lotion, polish or other squeezable product. With options ranging from smooth to ribbed finishes, domed and flat tops, endless color possibilities, and orifice sizes to fit any dispensing need, disc top closures are a great choice for both brand enhancement and dispensing convenience.

Solutions That Consumers Love

- Controlled dispensing that eliminates the need to remove a cap
- One-hand operation making your container easy to open and close
- Audible snap when closing to ensure product is safely contained
- Variety of sizes and options

Ideal Markets:

Health and beauty, automotive, household cleaners, chemicals and polishes
