

PET SPRAYER BOTTLES

SPRAYER BOTTLES

The Cleveland facility is known for its expertise in two-stage (reheat and blow) molding of PET Sprayer Bottles, particularly when it comes to running these bottles in custom colors and metallic. Our most popular Sprayer Bottles have a ratchet neck finish (denoted by the “R” in the Neck Finish column) that prevents the sprayer from backing off the bottle, but many styles also offer a continuous thread option for non-ratchet closure styles.

PET TREMONT SPRAYERS

The most popular line of PET sprayer bottles, four sizes of Tremont Sprayers are now available in a 28mm Ratchet finish ideal for trigger sprayers. (The 16oz, 23oz and 32oz sizes are also available with standard 28-400 non-ratchet necks.) The 32oz bottle is a 53-gram bottle and is known as the Tremont Sprayer II.

Size	Base Part Code	Overflow	Neck Finish	Case Pack	Weight	Height x Diam.	Process
12oz	012-066A	386.0ml	28-400R	250	27.5	7.500 x 3.350 x 1.792	RHB
16oz Lt. Wt.	016-065C	518.0ml	28-400R	192	34.0	8.308 x 3.739 x 1.958	RHB
16oz	016-065A	518.0ml	28-400R	192	43.0	8.308 x 3.739 x 1.958	RHB
16oz	016-065B	518.0ml	28-400 NR	192	43.0	8.308 x 3.739 x 1.958	RHB
23oz	023-007A	739.2ml	28-400R	135	43.0	9.008 x 4.014 x 2.338	RHB
